

STM

One Stop Solutions

ABOUT US

STM One Stop Solutions also known as STM Mass Mailers was incorporated on 7 February 2013 to provide efficient and effective diversified services to the industry.

We offer full-range and excellent quality of Cleaning services, Landscape Maintenance, Domestic Waste Disposal, Roro Bin Services, Transportation Services, Wiring and Plumbing Services in Klang Valley & Selangor Malaysia. We have a team of experienced crews that cater to all residential and commercial services and other adhoc services. Our services are offered on hourly, weekly and monthly basis, based on client availability and expectation. STM ensures to provide extensive services that covers all residential, office and commercial building.

Our professional crews have professional hands that able to transform a messy, dusty and grimy environment to clean, shiny and dust-free. We also have proper, certified equipment's to carry out our services with safety measures. We thrive to become the leading service provider company in Malaysia so that we can provide our exclusive services to whole Malaysia. The strength of our services are quality, efficiency and convenience which we strike to preserve in line with our objective. We will turn a seemingly tedious work into more bearable, enjoyable and easy for you.

OUR TECHNIQUES & PERFORMANCE

WORKPLACE

Commercial services mainly for large commercial or government buildings like office, banks, stores, schools and supermarkets. On the other hand, the processes we use for domestic are perfect for small places like residential apartments.

MATERIALS

The next difference between these two kinds of services are commercial requirements, use heavy materials and professional-grade crews to cover such big places, while on the other side, domestic services are done by less heavy machineries and manpower.

TIMING

The services at STM usually render to commercial buildings are during quieter hours when the places are not being used, unlikely for households it can be done anytime depending upon the wishes of the resident owners.

OUR SERVICES

MAINTENANCE CLEANING

Our experience in maintenance cleaning makes us well-prepared for various types of workplace and businesses, from corporate offices, to luxury hotels, shopping malls, manufacturing plants, schools, airport, train stations and more. Our aim is to integrate our cleaners seamlessly into your workforce and reflect the positivity of your company.

POST CONSTRUCTION CLEANING

STM specializes in post construction cleaning for apartments, office buildings and new construction projects. We understand that it takes more than a single cleaning session to get rid of dust, cement stains and faecal matters so our standard practice is to clean a project in two phase; an initial and a final cleaning.

EXTERNAL FACADE CLEANING

Our external facade cleaning team are exceptionally skilled and experienced in applying their skill set to access tight areas to provide cleaning of the buildings' facades and environment. This also includes knowing the right cleaning materials to clean the buildings' glass, concrete, tiles and aluminum cladding.

SPRING CLEANING

To some, spring cleaning means dusting, mopping, and vacuuming. For others, it's disinfecting, scrubbing built-up grime to bring back that beautiful shine, and getting everything smelling fresh again. In general, seasonal cleaning means following a proven strategy to clean from top to bottom, room by room. For the Maids, spring cleaning services mean all the above and more.

STONE CARE AND RESTORATION

Proper preparation and choosing and applying the right professional sealer takes time and experience. Learning to perfect an even finish and remove damage takes even more experience. Waxing and coating natural stone can be a costly endeavor. Smearing, smudging, or ugly traffic patterns are more likely with waxes or coatings. Those types of quick fixes may also trap moisture within the stone and compromise the integrity of the stone in the long run.

DISINFECTING SERVICES

Disinfectant misting is safe for children, pets and anyone who is allergic to chemical misting. We are neutralizing harmful volatile organic compounds (VOC) in the air. Our service is zero alcohol, non toxic, and Eco-friendly. There is also no harmful residue if drops on water or food. Protect against viruses like COVID19, Influenza A, H1N1 Flu Virus, H5N1 and etc.

OUR SERVICES

CARPET & UPHOLSTERY SERVICES

Completely remove dust, dirt and allergens from your carpet through hot water extraction method. Restores the carpet's original clean, smooth and fresh state. Improves the indoor air quality. Neutralizes bad odour at the source. Creates a better working environment for your employees. Boosts employee productivity and morale. Extends the life of your carpet investment.

TOILETRY & HYGIENE SERVICES

Our toiletry supply and hygiene service provides deep and thorough sanitization where all harmful bacteria will be eliminated and this will also prolong the life of your toilet and its facilities. For clean and well-maintained toilets, we supply products for feminine sanitary hygiene for women and a refreshing aroma as an extra detail from our service.

LANDSCAPING SERVICES

Landscaping basically refers to adjusting or modifying the visible features of land usually for decorative purposes. Landscaping usually covers changing the living aspects of the areas including the flora and fauna, adding and removing elevations and depressions in a given area or making an artificial weather condition foreign to that particular area.

WASTE DISPOSAL SERVICES

We provides a variety of choices like rear - end compactor, RORO, open dipper lorry and backhoe to coordinate all your waste disposal transportation needs. Our custom waste transportation services are designed to help our customers streamline business processes, enhance productivity, reduce costs, enhance recycling activity and finally reduce the waste.

ELECTRICAL WIRING SERVICES

The electrical wiring in your home is the most important part of your electrical system. It's also one of the complicated systems in your home, and working with it isn't just difficult: it's extremely dangerous. If you don't have professional training, it's very important to hire a specialist any time you have trouble with your wiring, and it's important to hire a certified professional.

PLUMBING SERVICES

We provide fast, reliable & affordable solutions to all commercial and residential plumbing problems. Our services include solving all plumbing problems for landed residential properties, condominium and apartments, offices, factory and other commercial and industrial buildings. We can carry out extensive repairs, replacements and installations at very competitive costs to your complete satisfaction.
